Subject: Velvet Mine Reclamation

Received a call from Dan Arima today, he said that the U.S. Energy had sold the crusher and as soon as the sale has been completed they will begin to reclaim the Velvet mine. He said they were also contemplating some work at the Tony M. I told him to send us a letter giving us a timetable for this work and to include a plan for what they are going to do at each site.

Joelle,
Please send this to File M/037/040 Thanks
